

Student Resource Scheme Annual Parent Information Letter Year 7

Dear Parents/Guardians,

This letter contains important information about the 2026 Student Resource Scheme (SRS) including how the scheme operates and the annual participation fee.

What is provided by the Queensland Government?

The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings, internet), and administration (staff to run the school). Funding for schools does not extend to individual student resources such as textbooks, equipment for personal use, and many items used by the student in the classroom.

The SRS helps parents to source these resources. The school can purchase resources at lower rates due to its bulk buying power. Resources such as textbooks or musical instruments that will be used over a period of time are hired to students to further reduce costs for families. Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school, and ensures that all students have access to the same standard of resources.

SRS Participation

The objective of the scheme is to provide a convenient and cost-effective way for students to access the educational resources necessary to enhance their learning experience at school. The Department encourages parents to participate in the scheme. Participation in the SRS is optional, and no obligation is placed on a parent to participate. Participation is for the duration of your child's enrolment at the school.

Student is new to the school...

Parents are required to complete and return the SRS Participation Agreement Form when joining the scheme for the first time. If no participation form is received by 06/02/2026, the school will take the view that the parent has chosen to opt out of the SRS. The parent is then required to provide the educational resources listed in the SRS for their child by the start of the school year. A parent can opt in or out of the scheme in subsequent years by completing another Participation Agreement Form.

Continuing student of the school...

A parent's participation or non-participation in the scheme will continue as per their previously completed Participation Agreement Form. A parent can opt in or out of the scheme in subsequent years by completing another Participation Agreement Form.

If a parent has opted out of the scheme the parent is required to provide the educational resources listed in the SRS for their child by the start of the school year.

The types of resources that will be included are:

Owned - e.g. student diary - once provided, these items are retained by the student and used at their discretion.

Hired - for a specific duration of time, e.g. textbooks or musical instruments, these items will need to be returned to the school in reasonable condition at the end of the hire period or if the student leaves the school.

Used - e.g. stationery, timber, material, workbooks - these items will be used in class. Finished products that are created from these resources will generally come home with the student.

The SRS Participation Fee

The resource scheme is managed by Monto State High School with approval from the Monto State High School Parents and Citizens Association. This scheme provides the entire package for a set fee and is not available in parts. The fee is calculated as a flat rate per year level. Parents who have 3 or more students attending Monto State High School will receive a discount. With full payment of Resource Scheme Fee's for two students, a 50% discount will apply for any student thereafter.

If you are not satisfied that the SRS fee represents good value for money based on the inclusions, as outlined in the 'SRS – Summarised Costs' form. You may choose not to participate in the SRS. If you choose not to participate, you will be provided with a detailed list of resources that you will need to provide for the student.

The Text Book and Resource Allowance

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents with the cost of textbooks and other education resources for eligible Years 7 to 12 students. For those students who are eligible to receive the TRA, the TRA will be applied to reduce the cost of participation as shown in the table below. Thus the SRS invoice you receive will be the full cost of participation in the SRS minus the TRA already held at the school.

Cost Breakdown

The diagram below reflects how the TRA has been deducted from the SRS fee for eligible students who have opted in to the Curriculum SRS.

Cost of SRS	TRA	SRS fee due
\$264.00	\$164.00	\$100.00
